We certify that Mr Poleszak was appointed by our company to sail the *Bavaria 45* yacht from Marseille to Tenerife in March 2012. As the captain of the crew he proved himself to be a reliable, decisive and well-organised person.

Mr Poleszak was responsible for arranging the voyage as far as preparing the appropriate documents and certificates are concerned. Thanks to his good command of English he had no difficulty in obtaining the required papers in order to start the voyage. He launched the yacht, prepared it for the cruise, and successfully delivered it to the Canary Islands.

We are absolutely delighted with his cooperativeness and eagerness to work on board. He turned out to be a good team leader and an excellent sailor. He is well-prepared to be given more responsible tasks at sea.

We are sure he may be offered any position he applies for.
