

Sunrunner 3300 series

When we designed the Sunrunner 3300 Series, our main objectives was to ensure that the vessel had a superior finish and that expectations were exceeded in every way.

Powered with twin petrol or diesel engines, the Sunrunner 3300 boasts outstanding performance and one of the most stable rides on the water. Elegantly streamlined and luxuriously appointed, no effort has been spared in creating an extremely versatile vessel that is the perfect all round performer.

The list of outstanding features includes a spacious saloon, comfortable forward stateroom, generous aft cabin with double bed, full size bathroom, usable galley, and an optional convertible dinette. With an open cockpit layout above deck and comprehensive instrumentation package at the helm, everything

combines to make your experience of owning a Sunrunner 3300 Sport Cruiser a unique blend of luxury, comfort and performance.

Proudly built with precision in Australia by the finest craftspeople incorporating superior fittings and materials throughout, the Sunrunner 3300 also comes with a price tag that will pleasantly surprise.

So, if you're serious about getting the best from your leisure time, take control of a Sunrunner 3300 Sport Cruiser now and before long you'll be enjoying as much fun on the water as you can handle!
