

AN AMAZING SIGHT IN THE SOUTH PACIFIC, SPECTACULAR

Not many people have personally witnessed this type of event.

I only wish they had gotten closer, but it's understandable why they didn't.

A yacht was traveling in the south Pacific when the crew came across a weird sight. Look at these photos and try to imagine the thrill of experiencing this phenomenon.

A BEACH?

No! This is not a beach.

It's volcanic stones floating on the water.

WHERE IS THE VOLCANO?

**AN UNBELIEVABLE SIGHT, SO I HAD TO TAKE PICTURES
BECAUSE NO ONE WOULD BELIEVE IT!**

THE WAKE FROM MY YACHT.

**WE STAYED ON THE EDGE OF THE WATER. THEN THIS
WAS SPOTTED: ASH AND STEAM RISING FROM THE
OCEAN.**

And, while WE were watching,

**a plume of black ash, a HUGE CLOUD.
COVERING EVERYTHING IN RED, EVEN THIS FAR AWAY.**

**THEN THE SKY TURNS BLACK WITH ASH AND THE OCEAN
TURNS GOLD FROM THE SUN'S REFLECTION.**

OUT OF THE OCEAN, MOUNTAIN PEAKS ARISE?

MORE ERUPTIONS; ASH AND CLOUDS.

THEN MOUNTAIN PEAKS RISE HIGHER WITHIN MINUTES.

AND A BRAND-NEW ISLAND IS FORMED!

CREATION OF MOUNTAINS

**CAN YOU IMAGINE THE THRILL OF BEING THE FIRST
AND ONLY PEOPLE TO WITNESS A NEW ISLAND BEING
CREATED
WHERE THERE WAS NOTHING THERE BEFORE?**
