

CUTLERY

A. Wrap around cutlery

Cutlery can wrap around wrist/bowl/handle when the needs of sailing take priority. Allows for quick response time and limits possibility of losing cutlery.

CUTLERY

B. Foldable cutlery

Cutlery is foldable and can be contained within the bowl/lid.

C. Retractable cutlery

Cutlery is on a retractable cord so is always attached to bowl.

D. Open air cutlery

Cutlery has open space in the middle so can easily hang or be clipped onto the bowl/boat.

E. Electromagnetic cutlery

Cutlery is electromagnetic, so lid automatically opens when cutlery nears it.
