Engine comparison

Hello, I'm Pete and new to the group. Wondering if there's been any recent comparisons done on small diesels, 20hp-50hp range (Yanmar, Beta, Nanni, etc.).

I live in Queensland, Australia.

Re: Engine comparison

Welcome aboard CF, woopeter11.

Work your way through these CF threads (some old, some recent).

FWIW, there is a Google Custom Search feature the pull down search menu at the top right area of each CF page and it is a pretty good way of finding previous CF threads/ posts. For the above search I simply used the words *yanmar beta*

All men dream: but not equally. Those who dream by night in the dusty recesses of their minds wake in the day to find it was vanity: but the dreamers of the day are dangerous men, for they may act their dreams with open eyes, to make it possible. T.E. Lawrence

Hi again, yep I'm new! Can't find the google Custom search feature you mentioned!
Also, what does FWIW mean?

Cheers,
Pete
